

Informed consent

I have been informed about the procedure of anaesthesia and possible risks and complications which can occur during or after the procedure. I undertake to obey the instructions which I have read fully conscious before the anaesthesia and which I have been provided by the staff of the anaesthesiological surgery.

I will leave the one-day surgery clinic after anaesthesia solely accompanied by an adult person and by car. I take due note of the fact that within 24 hours after the anaesthesia I am not allowed to drive, and 24 hours after the surgical operation I will be able to contact the stated doctor on the phone, should any complications occur.

If these conditions are not followed, the anaesthesiologist cannot take responsibility for complications incurred by patient's unsuitable action.
